

Predator 98 Robby Jacobs mixes with the Stars of Manchester United

What started out as just another soccer camp turned into a dream come true for Robby Jacobs. During a family vacation in England last summer Robby participated in one of Manchester United's Soccer Schools. During the week Robby entered and won a skills contest against 75 other boys in the 8-11 year old division. While Robby was thrilled to win that contest he had no idea what that victory would lead to.....

A few weeks ago Robby was invited back to Manchester to participate in the World Skills Final Event on October 31st 2009. Although Robby did not win the Skills World Final he did experience what most kids his age can only dream about. Some highlights of his trip were:

- Trained at Manchester United Carrington training ground.
- Met the Manchester United first team.
- Got his ball signed by Manchester United coach Sir Alex Ferguson
- Toured behind the scenes at Old Trafford including the players locker room
- Played on the Old Trafford pitch before the match versus Blackburn Rovers
- Experienced an EPL game and atmosphere
